

## **EIV Link Activated for Multifamily Users**

Please be advised that the link to the EIV system has been activated for Multifamily users. We have been told there are several data anomalies that are currently being experienced by users. Until a Listserv message is issued advising users that the system is fully functional, O/As should continue to perform third party verifications as done previous to the implementation of EIV. Please document the tenant files that have been affected by this outage. Contract Administrators are instructed not to issue MOR Findings due to an O/A not using EIV until such time when the system becomes fully functional.

Thank you again for your patience.
